

The physicians and staff at Lancaster Specialty Surgery Center are pleased that you have chosen our outpatient facility for your joint replacement! To help you prepare for your surgery and recovery, we offer education classes designed specifically for patients undergoing joint replacement surgery.

The classes will prepare you for what to expect before, during, and after your procedure, and offer guidance on how you can have the best possible recovery right in your own home!

If possible, we encourage attending a class 2-4 weeks prior to your scheduled surgery. This is to ensure you have plenty of time to prepare or make any arrangements for your needs. You are also encouraged to bring a family member or friend who will be assisting you the day of your surgery and with your recovery at home.

To schedule for a class, please see the class dates listed below. **Dates and times are subject to change.**

- January 4th, 2018 @ 2pm
- January 18th, 2018 @ 2pm
- February 1st, 2018 @ 2pm
